Once again this year, the radio equipment rental team at Spreenauten is a proud partner of the Berlinale, providing a high-performance communications infrastructure at all locations. With a combination of [Motorola](#) rental radios, repeaters, and radio cells, we ensure reliable and smooth communication behind the scenes of one of the world's most important film festivals.

Curtains up and premiere for the Motorola R7 Premium at the Berlinale!

We are particularly pleased to add the new Motorola R7 Premium to our rental fleet for the first time this year. This latest flagship radio from Motorola offers:

- > Outstanding audio quality with intelligent noise cancellation – ideal for noisy festival environments.
- > Reliable range thanks to state-of-the-art radio technology.

➤ Robust construction for intensive use on film sets, at events, and in logistics.

... making it the ideal radio solution for an international film festival

During the Berlinale, our radios are used in various areas:

📁 Technology – coordination of event technology

📁 Event logistics & security – communication between event teams, security, and ticketing.

📁 Transport & setup – coordination for smooth operations between festival locations.

Spreenauten: Innovation meets radio technology

Our strength lies not only in providing state-of-the-art radio solutions, but also in developing innovative software solutions. Based on the Motorola R7, we are already working on a customized dispatcher app that will enable even more efficient control and monitoring of radio communications.

With our flexible rental solutions, forward-looking technologies, and individual consulting, we are the perfect partner for anyone who needs a powerful communications solution – not just at the Berlinale, but for any type of event or production.

📁 Request rental radios now and benefit from our expertise!
